Mr Murry Halpern
192 Market St.
Newark N.J.

Dear Mr Halpern:

I have been trying to find time to come in and see you, but have been unable to find a minuet. I decided if I was going to ask you to print schedules this year in time for the opening I could not put it off another minuet. I am enclosing you the dates we play home to July 5th. If you can print them for us again, we will of course be very grateful.

Right this minuet I am quite disturbed about some of the men. You know most of them play ball in the winter in Puerto Rico. A few of them are back, but several of the very good men are still there awaiting transportation. There are no planes available, and they can only leave on a ship when the government gives them permission. It is really serious. I will be some glad when they all have arrived. If we do not lose any one in the draft we should have an exceptionally good team this year. All the men who have played in South America, and Mexico for the last few years will be back. I dont feel too optimistic about the night ball, but there is a possibility with the present daylight, and another hour of daylight saving for the summer, we may not need lights.

Notice my new address. I will give you my private phone number also, in case you want to call me. It is Market 3-0555.

Remember me to all the force. I hope you and family are enjoying good health. I will be very glad to hear from you.

Very Truly Yours
